

ENGLISH HERITAGE

WE HAVE BEEN WORKING WITH
ENGLISH HERITAGE FOR OVER A
YEAR NOW AS PART OF A 3
YEAR PARTNERSHIP.

We have provided the charity with £1 million worth of outerwear comprising waterproof jackets, softshell and fleece to keep its 3,700 site-based staff and volunteers warm and dry across 400 plus iconic historical sites across England.

"I work in the organic walled kitchen garden, tending to the care of historic fruit trees, delicious vegetables and seasonal floral displays - where every day is truly different."

Kelly Fowler

"I oversee the maintenance and restoration of the beautiful Victorian garden, bringing history to life for our visitors."

Daniel Hale

"I am currently working on a £6 million revival project that will open the house more often for free; revive the landscape and improve the facilities across the park - from the play area to the sports pitches."

Rachel Morrison

"I work across the North English Heritage sites, trying lots of delicious local foods and planning new and exciting things for our menus."

Edward Woolard
